STORM RAGED ON GALVESTON BAY

The Lines Parted As Barge Was Being Towed to Galveston—All Escape Safely.

THE WOMEN WERE FRANTIC

Special to the Eagle.

Galveston, Texas, May 28.—The Gulf and Interstate passenger train barge, with 25 passengers, en route from Beaumont to Galveston, was caught in the storm crossing the bay and driven seven miles out of its course and went aground on the south jetty, between the reefs and Fort San Jacinto. The damage to the barge was slight, and the passengers escaped injury.

The big barge, with an engine and two caches, was in tow of the tug Higgins, under Captain Larson, which was caught in the storm, and five lines holding the barge parted, and the wind carried the barge seaward, with the tug in pursuit.

The barge was overtaken and another line was made fast, but the 60-mile gale carried tug and barge hard aground and out of the water.

The passengers were badly frightened, and many of the women became hysterical while the barge and its tow were being driven before the gale seaward.

Several small craft and sail boats were capsized in the bay, and a half dozen or more men were rescued by tugs and other craft.

Up to late this afternoon no fatalities had been reported.

HASKELL MUST FACE JURY

Indicted With Five Others For Frauds in Muskogee Townsite Cases.

Special to the Eagle.

Tulsa, Okla., May 28.—Indictments charging fraud in the Muskogee town lot fraud cases were returned against C. N. Haskell, F. B. Severs, W. T. Hutchins, C. W. Turner, A. Z. English and W. R. Eaton by the grand jury.

The accused are charged with obtaining titles to town lots in Muskogee by illegal methods. Bond in each case was fixed at \$5000 and was furnished.

Arrangements for the trial have not been made, but it is thought that the cases will be heard soon.

This is the second indictment against Governor Haskell, the first being dismissed on a technicality. The Federal authorities tonight began preparing new evidence.

The fight before the grand jury had many sensational features. Numerous witnesses from Ohio and elsewhere testified. Twenty were on the stand today.

Governor Haskell in discussing the indictments last night said:

"As a result of four government attorneys and an army of secret service men surrounding the grand jury and limiting the testimony to just what suited them, indictments have been secured against me. I am thoroughly satisfied that when the whole facts are made known in the open the government at Washington will not approve of these cases, which practically all this locality know have no merit, and that there has been no violation of the law in any particular."

SOUTHWEST TEXAS STORM SWEEP

Many Houses Leveled Before Raging Winds — Church Demolished and Contractor Killed—Wife Fatally Injured.

Special to the Eagle.

Brownsville, Texas, May 28.—A severe wind and electrical storm accompanied by a downpour of rain lasting nearly two hours passed over the lower Rio Grande valley last night.

The only place to suffer from the wind was Harlingen, where several dwelling houses not quite completed, a store building, a stable and the church of the Seven Day Adventists were almost completely blown down. A contractor by the name of McDonald, who was building the church and at the time of the storm was living in the building, was killed outright by flying debris while his wife, who was also in the church, is not expected to recover. The property damage is estimated at \$14,000 to \$15,000.

The rainfall at San Benito was 5 inches, Donna 4 inches, Bixby 5 inches, Laferria 5 inches, McAllen 4 inches, Mercedes 3 inches, Mission 3 inches.
